**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am in Rockford Illinois. We used to have phone company-provided DSL but we could not get above 2 MB per second because we were four blocks from the end of the line. We were forced to go to Comcast. The pricing is onerous and their customer service is non-existent. Please support local small providers so they can survive against these tech giants who are truly monopolies as they own both the pipeline and the content creation. They need as much regulation as possible to protect consumers. Thats your job!
